### Access to the Harassment, Intimidation, and Bullying-Investigations, Trainings Program (HIB-ITP)

Only staff assigned Electronic Violence and Vandalism Reporting System (EVVRS) district-level permission can access the HIB-ITP system. Your district's Homeroom Administrator (HA) establishes school and district-level user accounts for staff that require EVVRS access. To create or change Homeroom Administrator account, please complete and fax the [Create or Change Homeroom Administrator Form](#) to the Office of Information Technology, New Jersey Department of Education (NJDOE) at (609) 633-9865. Homeroom Administrators may refer to the Homeroom Administrator Manual located on the [NJDOE Homeroom](#) page for additional guidance.

#### Notes

- The number of reports of HIB that are investigated are entered in the **Number of HIB Investigations** box. The **Number of HIB Incidents Affirmed by the Board of Education** box is to be accessed only when BOTH an HIB investigation substantiates the report as HIB and the board of education/governing authority affirms the incident as HIB (i.e. found to be HIB).

- *If the board of education/governing authority has not yet had an opportunity to affirm the results of an HIB investigation by the end of Report Period 1, you will be able to go back into the Report Period 1 data collection in the HIB-ITP system during Report Period 2 to enter the **Number of HIB Incidents Affirmed by the Board of Education** box (see [Part 2: Updating Records](#)). Substantiated HIB incidents that are affirmed by the board of education/governing authority after the deadline for submitting Report Period 2 data cannot be entered into the HIB-ITP system, but supporting documentation should be made available to the NJDOE upon request.*
- *If the board of education/governing authority rejects a substantiated report of HIB (i.e. found NOT to be HIB), only enter the investigation in the **Number of HIB Investigations** box.*
- *The **Number of HIB Investigations Initiated, the Number Completed within 10 days** and the **Number of HIB Incidents Affirmed by the Board of Education** must be completed for each school in your district.*
- *The number of HIB incidents affirmed (i.e. found to be HIB) by the board of education/governing authority entered into the HIB-ITP system **should match** the number of HIB incidents entered into the Electronic Violence and Vandalism Reporting System (EVVRS) for each report period. School personnel responsible for completing the certification of HIB-ITP data two times per year through the HIB-ITP data collection system ([Part 5](#)), must ensure that all affirmed incidents of HIB (i.e., found to be HIB) have been reported accurately in both the HIB-ITP and EVVRS data collection systems and that the chief school administrator or charter school lead person has certified the official submission to the NJDOE prior to submitting the data.*
